

Greetings to the New Hope Elementary School Family and Community, My name is Letitia G. Fields and it is an honor to address you as the Principal of New Hope Elementary School. I am a native of Vance County as well as a former student of New Hope.

My career in education started over 15 years ago with experience as a teacher of Special Education Pre-K and Resource K-3, 5th grade English Language Arts, Social Studies and Writing. I have served as the Assistant Principal of Zeb Vance Elementary for the past three years.

My passion is to ensure ALL students receive an excellent education including 21<sup>st</sup> century skills so they can successfully compete with others all around the world. I believe education should help children to discover who they are as individuals by providing every opportunity for them to participate in their learning and interact with the communities and the world that surrounds them.

I am excited and I look forward to working with all of you this school year. It is my desire that the students and staff of New Hope Elementary depart daily, knowing more than they did the day before, happier than they were before they arrived, and eager to return the next day because, “ Together WE Win!”

Educationally Yours,

Letitia G. Fields  
Principal
